Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 18, 2010, has been entered.

Election/Restrictions

2. Claims 1-3 and 5-14 are allowable. The restriction requirement between among patentably distinct groups, as set forth in the Office action mailed on March 3, 2009, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 15 and 16, directed to the light-emitting device further comprising a thin film transistor, is no longer withdrawn from consideration because the claims require all the limitations of an allowable claim. However, claims 17 and 18, directed to a display, is withdrawn from consideration because the claims do not require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended in the specification as follows:

On page 1 of the specification, delete the title "LIGHT-EMITTING DEVICE, METHOD FOR PRODUCING SAME, AND DISPLAY," and insert in its place:

-- Light-emitting Device having a Metal Oxide Semiconductor Porous Body with an Organic Light-emitting Material --.

The application in has been amended in the claims as follows:

In line 11 of claim 1, delete the limitation of "a carbonyl group," and insert in its place -- a carboxyl group --.

Cancel claims 17 and 18.

Allowable Subject Matter

4. Claims 1-3 and 5-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 2814

With respect to claims 1-3 and 5-16, the prior art of record neither anticipates nor renders obvious all the limitations of the base claim 1, including: wherein a light-emitting layer which contains a metal oxide semiconductor porous body, by the surface of which an organic light-emitting material is supported, and is provided between the first and second electrode, and wherein a functional group in the organic light-emitting layer is esterified with a hydroxyl group on the surface of the metal oxide semiconductor porous body, such that the organic light-emitting material is chemisorbed to the surface of the metal oxide semiconductor porous body. Claims 2, 3 and 5-16 depend from claim 1, and thus are also allowed for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Abul Kalam whose telephone number is 571-272-8346. The examiner can normally be reached on Monday - Friday, 9 AM - 5 PM.
